

Walesby Parish Council

Risk Assessment Schedule February 2026

Definition of Risk Management

Risk is the threat that an event or action will adversely affect an organisation's ability to achieve its objectives and to successfully execute its strategies. Risk management is the process by which risks are identified, evaluated and controlled. It is a key element of the framework of governance together with community focus, structures and processes, standards of conduct and service delivery arrangements.

Improving risk management

This document has been produced to enable Scamblesby Parish Council to assess the risks that it faces and to satisfy itself that it has taken adequate steps to minimise them. The Council is aware that although some risks can never be eliminated fully, it has in place a strategy that provides a structured, systematic and focused approach to manage risk and this document aims to;

- Identifies the subject
- Identifies what the risk may be
- Identifies the level of risk
- Evaluates the management and control of the risk and records findings
- Reviews assesses and revises procedures as required

Management of risk

Subject	Risk(s) identified	Risk H/ M/L	Management/control of risk	Review/assess/revise
Business continuity	Council not being able to continue its business due to an unexpected or tragic circumstance	L	All files and recent records are kept at the clerk's home.
